Executive Summary

Linqworth Limited is a company that specializes in software development, website design, graphic design and branding, digital marketing, Computer Networking & Infrastructure. We are your best choice for innovative Information Technology solutions designed for efficiency, durability and functionality. We have evolved over time and we are convinced that we are ready to serve your IT business needs with the best of our skills and expertise. We were licensed to start full operations on 24th October 2018 and we are excited about the future with you in it.

As a team, we are positioning ourselves to be a complete Information Technology solutions provider in Ghana and the world at large. Our focus is not on our abilities or the systems that we are familiar with. Our aim is to go the extra mile to ensure that every I.T. solution we give you fits its intended purpose while having custom features that make your business unique. This means that we are committed to continuous learning about you and your business. We make I.T. solutions with YOU in mind.

What We Do

Consultation is a core aspect of the the services we provide. Our desire is to fully understand the business case in order to provide custom solutions. Unsure about what I.T. solution would work for your business? Leave that to us, that is what we do! We are among the best Information Technology (I.T.) Companies in Ghana and our services range from Web Technology, Graphic design & Branding, Computer Infrastructure and Networking, Digital Marketing, Content Development and I.T. Security.

The team recognizes that You; our client, is at the centre of the process of realizing a perfect solution. We ensure that you are part of this unique process and when the solution is complete we offer dedicated support to help you get familiar with your new tool.

Vision

Our vision is to transform and contribute positively to the expansion of the operations of every client we encounter using the power of Information Technology.

Mission

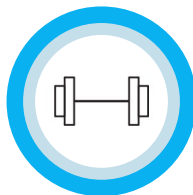

- To empower our clients to optimize their operations and discover more possibilities using Information Technology.
- To provide cutting-edge and cost-effective IT solutions to our clients.
- To ensure that we provide the most secure and dynamic solutions.
- To provide our clients with the best customer experience.
- To contribute immensely to the growth of Africa and the world at large.
- To turn client feedback into action.
- To create a working culture which encourages continuous learning.
- To expand to other markets through partnership and collaboration.

Core Values

Integrity

We are straightforward. We value your trust as much as we value your business.

Tenacity

We stay the course; we do not quit. We believe that the process is as important as the end product.

Excellence

Our standard of output locally or internationally is to give 101%
